We are a Learning through Play Pre-School program instructed by  
Early Childhood Development Teachers  
and Licensed by Children's Services, AB Government

- Play is an essential part of a child's development, giving them a way of coping and problem solving.
- Our ECD Teachers will guide your child to learn, explore, imagine and experiment in a warm and stimulating environment - all with an emphasis on fun.
- Our program develops your child's kindergarten readiness skills through a play-based program. These skills include: social competence, emotional maturity, language and critical thinking, communication and physical health, and well being.
